About CFALA

Since 1931, **CFA Society Los Angeles (CFALA)**, has worked to promote integrity, professional excellence and engagement among its members and within the community through continued education, career development and professional networking opportunities, to ultimately achieve an investment industry where investors' interest come first, markets function at their best, and economies grow.

Event Overview

PORTFOLIO 2025 is CFA Society Los Angeles' signature all-day immersive experience designed for the local and broader investment community. As markets continue to evolve amidst rising trade tensions, shifting monetary policy, and transformative technological disruption, PORTFOLIO offers a vital opportunity to stay ahead of the curve.

This year's event will deliver dynamic content through a curated mix of keynote speakers, expert-led panels, and interactive breakout sessions. Attendees will gain direct access to local and global thought leaders discussing the most pressing challenges and compelling opportunities across the investment spectrum.

Covering both traditional and alternative asset classes, PORTFOLIO 2025 will explore the strategies shaping investment decision-making today and the vehicles investors are using to implement them. Topics will address global macroeconomic trends, regulatory developments, the integration of artificial intelligence in portfolio management, and how allocators are building their portfolios in today's market environment.

Join your peers for a day of deep insights, forward-looking dialogue, and unparalleled networking. PORTFOLIO is not just an event—it's where Southern California's investment professionals come to challenge perspectives, connect ideas, and lead the future of finance.
