

Michael Underhill

Founder & Chief Investment Officer at Capital Innovations, LLC.

He is responsible for overseeing all aspects of the firm's investment process and is focused on the strategic direction of the firm. Recognized for his expertise, he is frequently asked to speak on topics such as investment policy, portfolio management, and the risk characteristics of Real Asset investing. He is a regular contributor to [Bloomberg's Market Sense program](#) & [Money Moves with Deirdre Bolton](#).

Michael has published widely on international economic and finance topics and is author of the bestselling Handbook of Infrastructure Investing. (recommended by the CFA Institute) He remains one of the world's most provocative, respected financial analysts in the last 24 years. His alternative investment strategies have won numerous awards for performance.

His academic work has been published in top academic journals such as the CFA Institute, EDHEC Risk Institute and leading think tanks like the Inter American Dialogue. His research has been published by some of the leading industry trade journals: Wall Street Journal, New York Times. He is a guest speaker at the Wharton Executive Education program.

Private Asset Management named him as one of the Best Money Managers for Long-Term Performance.
